

## Year 3 and 4 Statutory Word List

The National Curriculum is specific about what pupils should learn in the areas of spelling. In Years 3 and 4 the programme of study for spelling consists of learning the spelling rules given below as well as a list of statutory words. These are a combination of words frequently used in their writing and words that are commonly misspelt. An additional requirement in Key Stage 2 is using dictionaries to check spellings and meanings.

statutory word list 1			
1. accident	27. disappear	53. interest	79. probably
